I am thrilled to welcome you on board the exceptional *Crystal Serenity*.

All of us on board sincerely hope that the elegance and charm of our ship, along with the pleasant nature of our staff and crew, will provide you with a vacation experience unlike any other. We want you to know that every member of our staff and crew has but one goal: to ensure that you have the best cruise experience ever.

The key word to describe the onboard experience we offer our guests is choices, and *Crystal Serenity's* design presents more of them than ever. For example, you will find that you have a wide variety of dining options with open seating allowing you to dine as you wish. **Waterside** is located on Deck 5. Here you will find a diverse array of culinary choices for breakfast, lunch and dinner, plus an extensive selection of fine wines. You may also choose to enjoy your evening in one of our three specialty dinner restaurants by reservation. **Osteria d'Ovidio** in collaboration with **Alajmo** - one of Italy's most revered culinary families - offers innovative and elegant Italian cuisine. **Umi Uma & Sushi Bar** features the renowned Asian cuisine of Nobu Matsuhisa, both located on Deck 7 Aft. **Beefbar born in Monte Carlo**, on Deck 12, Midship brings you an exciting fusion of global street-food flavors, where Beef, Reef, and Leaf come together in creative dishes made from the freshest ingredients. Each plate is thoughtfully crafted by our talented chefs and designed for sharing, all served in a stylish and inviting setting. **Trident Grill** located midship on Deck 12, serves late-risers breakfast and offers casual dining throughout the day. **The Bistro** on Deck 6 is the perfect spot to savor specialty coffees, teas and an array of mouthwatering snacks, pastries and sweets. Please refer to the back page of daily *Reflections* for dining times. If you prefer to dine in the privacy of your own suite, we also offer **24-hour Room Service**. With all these choices, your biggest decision each day may be where to savor your meals!

It is with great excitement we reintroduce our guests to the great art of gaming while aboard *Crystal Serenity*. Our unprecedented partnership with **Le Casino de Monte-Carlo** offers a new and unique experience on board. Place your bets on table games with the unique *savoir-faire* of Monaco's world-famous casino or get excited about the dynamic range of slots to hit the jackpot. An ultimate way to embrace the thrill of the game in an elegant atmosphere adorned in the hues of the historical building. Take a chance on what excitement and opulence awaits on Deck 7 Aft.

Crystal Serenity also features an extensive enrichment and activities program. You may choose the world-class entertainment in one of our lounges, an informative **Crystal Visions Enrichment Program** lecture featuring a noted personality or expert speaker and personal growth options with our innovative **Crystal Creative Learning Institute**. A question arises as to the extent this extreme criminal behavior is based on genetic components rather than environmental factors. Through the use of new imaging technologies, research is providing evidence of neurological variances in the brain of psychopaths. The most recent evidence has uncovered neurological variances that explain the continuum of behavior. This PowerPoint based presentation includes actual interviews of psychopaths and neuro-imaging scans of the brains of various psychopaths. The content is presented in layman terms and can be easily understood by individuals with minimal psychological and physiological knowledge. The outcome of this presentation is a better understanding of the physiology of our brain. WELCOME TO GEORGE TOWN, GRAND CAYMAN

Port Information

Crystal Serenity is scheduled to anchor off George Town, Grand Cayman, the Cayman Islands, at 9:00 AM today, Wednesday, December 24, 2025.

As soon as the ship is cleared by local authorities, an announcement is made that guests may proceed ashore via the ship's tenders. The tender platform is located on Deck 4. Please use the Midship elevators to access this area.

When going ashore please remember to carry your **guest identification key card** with you as you must show it to the security officer at the gangway when exiting and re-boarding *Crystal Serenity*. Guests are also required to carry a government issued photo ID with them ashore.

Please note: No food, fruit, plants or any meat products may be taken ashore due to local Agriculture and Quarantine Regulations.

Continuous tender service operates from the ship to South Terminal.

No shuttle is necessary as the town is within walking distance of the tender landing area. Limited taxis are available at the pier. Taxis operate as shuttles, with several passengers on a shared trip. Taxis are not metered and will only accept cash. It is recommended to agree on a price before beginning your trip. Prices are negotiable.

The local currency in the Cayman Islands is the Cayman Islands Dollar (KYD). US Dollars are widely accepted by informal vendors in the Cayman Islands.

If you have items that you would prefer not to lose, you may wish to consider leaving them on the ship.

Crystal Serenity is scheduled to sail for Cartagena, Colombia at 5:00 PM.

The last tender leaves shore at 4:30 PM. All guests back on board, please.

George Town, Grand Cayman

Nestled along the Caribbean's azure embrace, George Town beckons with its tropical charm. Crystal clear waters hide vibrant coral reefs, promising psychedelic underwater life for snorklers. Long ribbons of white sandy beaches are flanked by palm trees and promise hours of endless, enviable relaxation. Grand Cayman is a true Caribbean destination with pastel buildings dotting the waterfront, hosting a fusion of Caribbean delights and international flavors, so find a cafe or bar, order a local rum punch and imbibe in a bit of Cayman culture. But it is not all fun in the sun, George Town is the hub of the island's thriving financial district, which give this island an edge over its neighbours. George Town weaves a tapestry of sun-soaked days, reggae-infused memories, and the timeless allure of island life.

Ho, Ho, Ho! Meet Santa Claus

The original Santa Claus, St. Nicholas, was born in the ancient southeastern Turkish town of Lycia early in the 4th century. It was on a journey to Palestine that he is supposed to have extended his arms and stilled a violent sea, the first of his many miracles. Later, he would become the patron saint of sailors.

At an early age, Nicholas was appointed bishop of Myra, in Asia Minor. His success in winning converts, and his generosity toward the poor, incensed Roman officials. During a great Christian persecution, he was imprisoned. The new Emperor, Constantine (who would later convert to Christianity), freed the bishop.

Two aspects of St. Nicholas's life led to his becoming Santa Claus: his generosity was legend and he was particularly fond of children. We know this primarily through Roman accounts of his patronage of youth, which eventually led to his becoming the patron saint of children. Throughout the Middle Ages and well beyond, he was referred to by many names - none of them Santa Claus.

Children today would not recognize the St. Nick who brought gifts to European children hundreds of years ago, except for his white beard.

The Dutch kept the St. Nicholas tradition alive. As the "protector of sailors," St. Nicholas graced the prow of the first Dutch ship that arrived in America. The first church built in New York city is named after him.

In sixteenth-century Holland, children placed wooden shoes by the hearth the night of St. Nicholas's arrival. The shoes were filled with straw, a meal for the saint's gift-laden horse. In return, St. Nicholas would insert a treat into each clog. In America, the limited volume shoe was replaced by the expandable stocking.

The Dutch spelled St. Nicholas "Sint Nikolass," which, in the New World became "Sinterklass." When the Dutch lost control of New Amsterdam to the English in the seventeenth century, Sinterklass was anglicized to Santa Claus.

It was in America that Santa put on weight. The rosy-cheeked, roly-poly Santa is credited to the influential nineteenth-century cartoonist Thomas Nast.

From 1863 until 1886, Nast created a series of Christmas drawings for Harper's Weekly. These drawings, executed over twenty years, exhibit a gradual evolution in Santa - from the pudgy, diminutive, elf-like creature of Dr. Moore's immortal poem to the bearded, potbellied, life-size bell ringer familiar on street corners across America today.

The Captain has e-mailed Crystal Serenity's position to North Pole HQ, guaranteeing Santa's timely arrival. Join Santa today at 10:30 AM in Palm Court! All Junior Cruisers (ages 1 to 17), be sure to be there by 10:00 AM! Hosted by Cruise Director Raphael Derkson.

Destination Lecturer Andrew Roberts

Andrew has been fascinated by engineering ever since he was a small boy playing with Meccano and Lego. This fascination led him to be an engineering graduate from the University of Southampton and a career as a Chartered Civil Engineer.

Andrew has spent much of his working life on a variety of construction industry projects for the British Government. An avid traveller, in 1998 he took time off from a construction industry and joined a walking holiday travel company as General Manager and subsequently started his own niche travel agency. As a result, he has travelled the world discovering interesting engineering history and stories which he now shares with cruise guests. Lured back to the construction industry, Andrew became a Director of several companies creating buildings for the NHS and Local Authorities.

After a canal boat holiday and passage through the Panama Canal, Andrew became interested in the history and engineering of canals both in the UK and around the world. He draws on this interest and his engineering knowledge to enhance the experience of cruise guests on Panama Canal cruises.

Panama Canal

Transit Information

Panama is situated just 600 miles above the Equator, and is extremely hot and humid. The sun can also be very intense (unless, as is often the case, it is cloudy or rainy). If you are out on the open decks in the sun, we advise you to wear light clothing, plenty of sunscreen and a hat, if possible.

The best strategy is to move about the ship throughout the transit. Surely you will want to be near the forward railing on Decks 12 and 13 while we approach the locks, but, once in, head Aft where you will be able to watch as the enormous locks slowly swing shut. An aft view will also reveal the dramatic difference in water levels between the locks.

Consider lunch in the Marketplace, the best way to see everything and enjoy Crystal's fine cuisine. That said, it can be quite fun to sit in Waterside as the ship goes into a lock; through the course of your meal, the view disappears and all you can see are the lock walls. The view slowly reappears as the ship rises with the water level.

If you prefer to stay out of the sun, Palm Court, Deck 12 Forward, provides the best view.

Destination Lecturer **Andrew Roberts** will lead us through the course as well as the history and geography of this wonderful waterway. Announcements can be heard in Public Lounges and Outside Decks ONLY.

This presentation will include an entertaining look at physical brain differences, as well as behavioral differences. Questions to be explored include: Do women really talk more than men? Do women think differently when it comes to love and relationships? Why does it seem men and women are on different wavelengths when communicating? Grammy Nominated Judy Carmichael

"Peggy Lee meets Fats Waller meets
Paula Poundstone!" -- Newsday

Grammy-nominated pianist/vocalist/
songwriter/radio host, Judy Carmi-
chael, is one of the world's leading
interpreters of stride and swing-style
piano. Count Basie nicknamed her
"Stride," for conquering this techni-
cally and physically demanding early
jazz piano style.

Judy has been featured on NPR's
Morning Edition, Entertainment
Tonight, CBS Sunday Morning, CNN's
Business Unusual, A Prairie Home
Companion, Mornings with Margaret
Throsby for the Australia Broadcast
Corporation, Jo Soares in Brazil, and
the BBC's Loose Ends, In Tune, Up All
Night, Woman's Hour and numerous
other shows.

In Town Tonight Tony Daro

Tony Daro's hilarious routines have
made him one of the established
stars of the New York comedy scene.
Tony's first television appearance was
as a child on the show "Wonderama",
where he lost at Simon Says. Tony
overcame this humiliating televi-
sion debut and began performing in
summer stock as a teenager. After
high school, he won an acting schol-
arship to the world-renowned Dra-
matic Workshop. This led to various
Off-Broadway productions.

He is the winner of three Writer's
Guild awards for comedy writing and
was nominated for an Emmy Award
for his work on "Saturday Night Live".
He has dozens of television perfor-
mances under his belt, but live per-
forming had always been his first love,
but now it is a distant second, after
the birth of his granddaughter, Poppy.

IN TOWN TONIGHT

Dynamic piano showman Martin Kaye, best known for playing 'Jerry Lee Lewis' in the hit Broadway, West End and Las Vegas show "Million Dollar Quartet", brings to the stage his high-energy, one-man rock & roll extravaganza. He, along with his bald head and his mismatched socks, will blow you away. **YOU DO NOT WANT TO MISS THIS SHOW** at 8:15 PM and 9:45 PM in the Galaxy Lounge.

In Town Tonight | Martin Kaye

Martin Kaye is a high-energy, internationally-acclaimed, odd-socked pianist, singer, songwriter, and all-round showman.

Best known for his knockout performances as "Jerry Lee Lewis" in the hit Broadway, West End and Las Vegas show 'Million Dollar Quartet', Manchester-born Martin exudes energy beyond anything you've ever seen. He sings from the depths of his soul, he pounds the piano with reckless abandon - then jumps on top of it and plays backwards - and just try to keep up with his non-stop legs!

With over two thousand performances as "The Killer" under his belt, and inspired by some of the most dynamic and beloved artists of our time - Elton John, Jerry Lee Lewis, Frank Sinatra, Elvis Presley - Martin Kaye has made it his life's mission to share his love of music with the world. He has written and produced five albums and a musical, and regularly performs his dynamic headline show in theatres across America, around the UK, and on luxury cruise ships across the globe. His distinct showmanship, dynamic flair, and profound love for his audience, make every performance, and Martin Kaye himself, a genuine tour de force.

Manzanillo, Mexico

Located on Mexico's Pacific coast, Manzanillo is a small city that derives its name from the manzanilla trees that thrived, laden with poisonous tangerine-colored fruit, beside its original wharves. Searching for Chinese treasure in the Pacific during 1522, Hernán Cortés and his minions dropped anchor in the Bay of Salagua, which is located just north of Manzanillo, while looking for safe harbors and good shipbuilding sites. Shortly thereafter navigator Alvaro de Saavedra discovered the Bay of Manzanillo and christened it Santiago de la Buena, or Santiago's Bay of Good Hope. It became a principal departure point for important expeditions and twice sheltered Cortés' galleons from marauding Portuguese pirates. Over the next 300 years, the Pacific Coast's history is filled with accounts of pirates from Portugal, England, France and even Spain assaulting, looting and burning ships for their rich cargoes. In recent times, the harbor has been modernized and deepened to allow access to all major shipping lines from around the world.

IN TOWN TONIGHT

Prepare to be dazzled by Rhiannon's premiere show, Belle Nuit, where traditional elegance meets contemporary allure in an evening of classical-crossover enchantment at 8:15 PM & 9:45 PM in the Galaxy Lounge.

In Town Tonight | Rhiannon

Rhiannon's musical journey started at a young age as a choir girl soloist. This brought countless opportunities, both at home and abroad, including a performance at Vatican City for Pope John Paul II. Her vocal talents then led her to London's West End, where she performed in a Welsh-language production in her early teens. At the age of 17, Rhiannon competed in the Miss Wales pageant, winning the Public Vote while showcasing her captivating stage presence.

Rhiannon's dedication to her craft led her to pursue higher education at one of the UK's top conservatoires, the Royal Northern College of Music (RNCM), where she graduated top of her class, with a First Class Honours Degree.

During her studies, she had the privilege of being selected to live in Italy for several months to study one-on-one with the late Pavarotti's vocal coach. Rhiannon continued her studies at the prestigious Wales International Academy of Voice, which had Dame Kiri Te Kanawa as its patron.

Rhiannon's talent caught the attention of Decca Records, leading her to become one of their four finalists in the search for an emerging Welsh recording star. Her journey was documented in a six-part television series called "Llais i Gymru: A Voice for Wales." Alongside her appearances on screen, Rhiannon performed at top venues across the UK during this time, as well as recording her demo at Universal Studios London.

Rhiannon has since taken her talents to the high seas and has spent recent years entertaining audiences across the globe. Her captivating voice, paired with the creativity and passion she brings to her shows, has resulted in impactful and memorable musical experiences, and has solidified her place as an exceptional and versatile artist in the world of entertainment.

As soon as the ship is cleared by local authorities, an announcement is made that guests may proceed ashore.

When going ashore please remember to carry your **guest identification key card** with you as you must show it to the security officer at the gangway when exiting and re-boarding *Crystal Serenity*. Guests are also required to carry a **government issued photo ID** with them ashore.

The local currency in Mexico is the Mexican Peso. US Dollars are accepted by most informal vendors.

Ensenada, Mexico

Close to the U.S. border, Ensenada offers a fun introduction to Baha California, a laid-back beach resort renowned for its Baha-Med flavors as well as fish tacos created from the catch of the day in the Mercado Negro. Stroll the seaside promenade, the Malecon, to the strains of ranchera music played by mariachi bands and, if there's time, head an hour out of town to the wineries of the Valle de Guadalupe, which open their vineyards and cellar doors for tours. Back in town, the tastings on offer are of Mexico's favorite spirit at the Tequila Room.
